Electric tamper 58 mm (black)

Electric coffee tamper with adjustable pressing tool — minimalist design, durable and portable, eco-friendly, for espresso tamping

Function: it replaces the barista's manual force by tamping the coffee grounds automatically, enabling consistent espresso extraction. Benefits: precision, time savings and uniform pressure — especially important in cafés or for enthusiasts to avoid channeling.

199,00 €

PRODUCT HIGHLIGHTS

- ✓ Eco-friendly material: this tamper is made from eco-friendly materials and is an environmentally aware choice for your coffee preparation.
- ✓ Adjustable pressing tool: the adjustable pressing tool compacts the coffee grounds precisely and ensures consistent and optimal extraction every time.
