

**GRINDERS**

# Single-dose grinder 64 mm (black)

*Automatic electric eco-friendly stainless-steel coffee grinder with conical burrs, 64 mm flat burrs for espresso*

In the world of coffee grinders, 64 mm single-dose grinders are extremely popular: they allow a wide range of burr choices (including SSP upgrades) and are ideal for switching daily between different coffees.

Made for daily switching between different beans — quick and clean.
