PRODUCT HIGHLIGHTS

- ✓ Single-dose design for freshness and zero waste: grind exactly the amount you need for one shot, so no bean ever goes stale. Locks in optimal flavour and minimises grind retention.
- ✓ One-touch operation, beginner-friendly: just press the button to start grinding — no complicated settings. Perfect for busy mornings or for newcomers to coffee.
- ✓ 80 adjustable grind settings for versatile brewing: from ultra-fine (espresso) to coarse (cold brew / French press) — adapts to every brewing method and every taste.
- ✓ Quiet grind technology, unobtrusive in everyday life: the low-noise motor grinds gently — does not wake the family in the morning and does not interrupt work or downtime. Functionality and comfort hand in hand.
